

Email, Print & Copy

Accessing Email and Print Tools

1. Select Section, Article or Chapter(s) you want to email or print by checking box next to selection

2. On Toolbar click **Email** or **Print**

Emailing a Link

Clicking **Email** will open a new email in your default client (Outlook, Mail, or Gmail, for example) with the following information:

- Code Name
- Chapter Number and Title
- Section Number and Title (if applicable)
- Link to that piece of the Code in eCode360

- Chapter 11A: DEFENSE AND INDEMNIFICATION OF MUNICIPAL OFFI
- § 11A-1 Civil actions.
- <http://ecode360.com/XX0010-7669177>

Printing From Your Code

Clicking **Print** will open a new tab with your selected text print-ready, with:

- Code Name and Print Date in upper right corner
- Slider to adjust text size

Copy & Paste

- Complete Steps above for "Printing From Your Code"
- In print tab hit **Ctrl+A** on your keyboard to select all
- Hit **Ctrl+C** to Copy
- In an open document hit **Ctrl+V** to paste text into document

CAN'T SEE THE TOOL BAR?

- Make sure you have selected a section or chapter.
- In search result, hover over search result pane and click on the wrench icon.
